InstallTikiDev

Moved to dev: install

old stuff below kept for archives

This is the central place for discussing the future of the Tiki setup process.

- RFEs and ideas in Mailinglists, fori etc. should be digested to here
- New ideas can also be directly posted and discussed here - go ahead!

So far we have:

- TikiProfilesDev
- ContentPacksDev
- InstallMultipleTikis
Philosophy and resulting guidelines

General Outline of the Setup Process (how it would be nice)

Status / Roadmap / To Do

Competition / Inspiration / Standards
