AnonymousPeerReview

What does anonymous peer review mean?

For a teacher it means that a document is given to another student or teacher to allow them to review and evaluate the document without knowing the name of the original author.

What does it mean for teachers?

First and foremost it helps the teacher to 'farm-out' the much needed feedback to students who are constantly seeking feedback of some kind.

What does it mean for students?

For stronger students, it gives them an opportunity to flex their analytical skills against their peers. It also gives them practice in reading for incongruities in logic, grammar and spelling.
