How to Use TikiWiki

---

Learn how to use TikiWiki! Click on the plus signs, below, to see the available end-user documentation.

Note: This is a feature that's currently under development. Please [let me know](#) which end-user features urgently need documentation.

## How to format text

"You don't have to learn HTML to make your text look great in articles, blogs, comments, forum posts, and Wiki pages. Just use Tiki's simple, easy-to-learn text formatting codes.
