

OSCON2011

OSCON 2011 was awesome. We'll be back in 2012. [July 16-17-18-19-20](#).

We'll soon be on this list:

<http://www.oscon.com/oscon2012/public/content/exhibitors>

[Webinar 2012 07](#) is normally scheduled for July 19th so we maybe will change the webinar date (exceptionally)

(check the video on YouTube to see all the comments)

Members of the Tiki community will be present at [OSCON 2011](#) (July 25-26-27-28-29) where we'll have a [booth](#) (#902) and attend [Community Leadership Summit 2011](#) (July 23-24, instead of the previously planned TikiFest). Please do come and see us!

Beyond the booth, we'll be participating to several [Birds of a Feather \(BoF\) sessions](#). Check the schedule at the conference, and you'll find a session about Tiki Wiki CMS Groupware, and another about [Tiki Suite](#). We'll also participate to sessions about Wikis, CMSs, etc.

Table of contents

Planning notes

Stuff todo

- [propose a session/lighting talk](#)
- propose a BOF

Stuff to bring

- Flat screen and PC for demoing Tiki (Pascal)
- [Banner Stand](#) (Marc)
- [promo sheets](#) (Marc)
- Leaflet about suite.tiki.org
- 7"x44" poster as the booth identification sign (if we want to replace the non-branded one)
- [T-shirts](#)
- A business-card type thing that we can give out all over the place (with booth number?)
- [Estimated attendance: 2,500-3,000](#)

Attendees

Who is planning to attend?

- Mark Laporte
- Greg Martin

Submissions

The submissions were not accepted
