Open Hub Project Vulnerability Report

Black Duck Open Hub has launched a "Project Vulnerability Report" (PVR) score. This is an excellent initiative, and quite a challenge (given the messy data).

About this project:
http://blog.openhub.net/about-pvr/
http://blog.openhub.net/2016/10/project-security/
http://blog.openhub.net/2016/04/open-hub-in-2016/
https://blog.openhub.net/2017/05/researching-project-security-data/

The results for Tiki are here: https://www.openhub.net/p/tikiwiki/security

Discussion is here: https://www.openhub.net/topics/13907

Feedback Round 2

Feedback Round 1

As of 2016-11-26, there is an issue with the data, to be reported:
