Hi, my name is Seth and I'm addicted to Tiki...

Oh, and google news.

Oh, and planning to take over the world.

I'm a bit of a serial entrepreneur.

I'm the driving force behind the folowing internet flotsam and jetsum:

- New Zealand Art Online
- Webfoundry Ltd
- Ephiles Ltd (currently offline)
- Apposite

I run the IT systems in a hotel Off The Square in Christchurch, New Zealand. Pop in and see me if you're passing through. In the off months give me a couple rooms in exchange for making sure the IT stuff keeps humming.

In my youth I ran a fairly decent BBS, picked up my nick there - Seth+Sysop=sethop. Ephiles Ltd is sort of a mega-bbs project if it ever gets off the ground - we'll see, it's backburnered for now.

Look forward to seeing more fun stuff happening with Tiki.
