

UserPagetelenieko

I have nothing to write now just wanted to leave there the spot of my purple glory moment:

My Glory Moment

That is my preferences page with a PURPLE star and a score of 11030 on Tikiwiki.Org

That's my name above damian's when my star was lots of points far from his.

telenieko★ : Update cvs if you use scores.. I'm gold star now.. ehe

Damian👤★ : Turn off gzip compression on your admin->general. If you can get access to your site
