Vision 2012 objectives

As part of the Tiki Vision 2012 ideas were consolidated to this list of objectives.

We hope that each of these objectives will find a volunteer to coordinate activity to achieve this objective. **Please add your name if you are interested.**

Objective Matrix

Easy/Low Effect	Medium/Low Effect	Hard/Low Effect
	Organize Training	
Easy/Middle Effect	**Medium/Middle Effect**	**Hard/Middle Effect**
	Monitor compatibility Implement patch system Establish distribution strategy Implement import/export Define community structure Kerrnel22	Pursue leadership position Kerrnel22
Easy/Low Effect	**Medium/Middle Effect**	**Hard/High Effect**
Support Hosting Communicate Internally Make foundation **Pascal St-Jean** Usability survey Adopt popular themes chibaguy Write docs mlpvolt Design brand website, logo **matwho**	Write guides Draft mission/mission Kerrnel22 Profile/template store chibaguy but help needed Write books mlpvolt(asking authors to contribute) Showcase usability demo, videos Define target users **Sid** Improve set-up Keep up community spirit Build a community of builders Promote the wiki way Motivate people to support and represent Tikiwiki Provide support Track and demonstrate usage	Define ecosystem **Pascal St-Jean** Establish PR Strategy **AurÃlien** Encourage Quality Code Attract the right mix of contributors Define how community decisions are made Kerrnel22
